THANK YOU FOR CHOOSING ICE KING!

ICE KING™

Dedicated to Quality Ice Making

www.iceking.ca

Ice King™ Continues to Pioneer Quality Ice Making

Ice King is back with the Ice King NEO Scaper, a new first in the drive to make perfect ice. Since 1969 Ice King has been a pioneer in the quest for a machine that can help ice makers produce optimal ice conditions for curlers. This dedication to quality over 40 years has made the Ice King brand name synonymous with scraping machines across the world.

Ice King Firsts

- 1969 First Mechanical Ice Scraper – patented design
- 1993 First Battery Powered Ice Scraper
- 2005 Ice King sold its 1,000 Ice Scraper
- 2008 First Electronically Controlled Ice Scraper

New Larger Premises....Same Technical Expertise

Ice King has moved its team of technical experts to larger premises in Perth, Ontario, allowing our production capacity to grow by 75%. Never have we been more capable of assuring our customers that when you buy an Ice King, you buy a quality machine with quality technical expertise and blade sharpening support. Additionally, our staff is able to service any make or model of scraper.

New European Office

We are proud to announce our new cooperation with Suomi Sports, one of Europe's premier suppliers of curling products. Contact Ice King Europe to receive your quotation at info@suomisports.fi
